PROJECTS AND ACHIEVEMENTS

PROJECTS

Heritage Connect – E-Commerce Website

- Developed a responsive e-commerce website for showcasing heritage and handcrafted products using HTML & CSS.
- Designed a clean, user-friendly interface with product listings, navigation menu, and attractive layouts.
- Created multiple webpages including Home, Products, About, and Contact pages with consistent styling.
- Improved user experience through responsive design, organized sections, and modern UI elements.

Samvaad@BGI – Anonymous Messaging Platform

- Developed a college-based anonymous messaging platform to enable secure and open communication among students.
- Built basic messaging modules for sending, receiving, and managing anonymous messages
- Designed a simple and user-friendly interface for smooth interaction and accessibility.
- Focused on privacy, ease of use, and structured communication within the campus environment.

ACHIEVEMENTS AND CERTIFICATIONS

- Completed basic JavaScript course
- Secured 2nd prize for Heritage Connect project
- Participated in college workshops and national conferences
